Team ID	PNT2022PMID25241
Project Name	Inventory Management System For Retailers
Team Members	Aathavan A M Yogeswaran S
Batch No	B3-3M5E

Create IBM Cloud Account:

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and 'Aathavan A M's Account'. Below this, the 'Dashboard' section is visible, featuring a 'For you' area with several recommended actions and a 'Select an option' dropdown. The recommended actions include 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Build a virtual machine' (Lift and shift your VMware workloads to the IBM Cloud), 'Get started with Watson Discovery' (Get up to speed on Watson Discovery with step-by-step tutorials, deep-dive videos, and complete examples of working code), and 'Build and deploy Node.js apps' (Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices). Below the 'For you' section, there are four more sections: 'News' (View all), 'Recent support cases' (View all), 'Planned maintenance' (View all), and 'IBM Cloud status' (View all). The 'News' section lists items like 'IBM Cloud Satellite New Pricing', 'IBM Cloud Data Shield Deprecation', and 'IBM Watson Orchestrator Is Integrating with ThisWay Global'. The 'IBM Cloud status' section shows a world map with a blue square indicating the current status.
